

Thieman Stow Away Liftgates

M SERIES

1600 lb. to 2500 lb. Capacities

The Thieman M Series was designed for handling medium duty loads and is equipped with the most standard features of any liftgate in its class. It has the strongest lift frame in the industry, and is *built to last* for many years.

M series standard features include:

- Toggle Switch Control
- Dual Torsion Spring Assist Closing
- Reinforced Body Extension
- Snubber Kit
- Solenoid Cover
- Non-Rotating Pins
- Meets TMC Electrical Requirements
- 150 Amp Circuit Protection
- 72" or 84" Wide and 36" or 42" Deep Platform
- Bed Height Range 37"-52" and 45"- 52"(Wedge)

LST Series

2000 lb. to 3000 lb. Capacities

The Thieman LST Series is designed for use on stake and van bodies and trailers. The *outside lift arm* design gives the operator maximum stability when handling sizable loads.

The LST standard features include:

- Dual Spring Assist Closing
- Built In Light and License Plate Pockets
- Adjustable Cylinders
- Meets TMC Electrical Requirements
- 150 Amp Circuit Protection
- 72" x 36" + 6" Platform
- Bed Height Range 42" - 54"

ST Series

2000 lb. to 4000 lb. Capacities

The Thieman ST Series is a premium, *heavy-duty* Stowaway designed for use on heavy-duty trucks and trailers. With the exception of the ST-22, the entire ST Series incorporate a dual cylinder lift for maximum lifting strength and stability.

The ST standard features include:

ST-22/31	ST-20/25/30
<ul style="list-style-type: none"> • Wide Lift Arms • Rear Impact Guard • Adjustable Cylinders • Snubber Kit • Heavy Duty Construction • Meets TMC Electrical Requirements • 150 Amp Circuit Protection • 84" x 40" + 10" Platform • Bed Height Range 48" - 56" 	<ul style="list-style-type: none"> • Outside Lift Arms • Aluminum Platforms(ST-25/30) • Adjustable Cylinders • Dual Lift Cylinders • Heavy Duty Construction • Meets TMC Electrical Requirements • 150 Amp Circuit Protection • 72" x 36" + 6" Platform • Bed Height Range 42" - 54"
