

THIEMAN SIDE LOADER LIFTGATES

SL Series

1500 lb. to 2000 lb. Capacities

The Thieman SL Series is designed for both truck bodies and trailers. This cost effective sideloader has a life expectancy much longer than competitive models. By incorporating the following standard features, the SL has been a popular choice in sideloading liftgates.

The SL standard features include:

- Maintenance Free Bushings
- Extruded Aluminum Platform
- Dual Folding Assist Springs
- Dual Cylinder Lift
- Toggle Switch Control
- Power Down
- Level Ride Platform
- Up to 10" Rub Rail Clearance
- 48" x 36" + 8" Platform
- Bed Height Range 42"- 56"
